Our Facilities

All our facilities are available for hire seven days a week, including bank holidays.

The Main Hall

A flexible space designed to accommodate a wide range of conferences and events from trade fairs and exhibitions to professional touring theatres. The auditorium can be subdivided to provide two separate spaces each with its own technical facilities.

Seating is comprised of portable bleacher units supplemented by loose seating to give maximum flexibility, with capacities in excess of 500 dependent on the required layout.

Flat seating may also be used to provide a cabaret seated event up to 330.

Main Hall Seating Options

Cabaret Style

Cabaret-style seating means a room filled with small round tables.

This is to give each seated person maximum access to view the stage, and to absorb the show, lecture or other staged event.

Bleacher Seating

Bleacher seating is rows of multiple tiers of closed deck chair platforms. The seats can be away into a closed position, stacking vertically under the one above, to minimise the floor area, when not in use.

The Bar

An adaptable space best suited to smaller meetings and training events up to 50 people with theatre style seating.

With its own dedicated facilities including a bar servery, it is perfect for private hire events or as a break out space for the main hall.

Green Room and Mezzanine

Our two smaller spaces are perfect for team meetings or drop in sessions, and offer further flexibility for larger conferences.

The green room offers a secure and private environment where required and is located within the backstage area.

Community Room

A room that can adapt to any function, from children's parties to small scale lectures. It benefits from a glazed exterior with views to the river and is located off the main café area.

With dedicated technical facilities that includes a built-in PA system and access to projection facilities, the community room works well as an independent area or as a break out zone for larger events.

Catering

We have a wide range of options available from a simple selection of tea and coffee with biscuits to business breakfast or afternoon tea and scones, a selection of sandwiches and finger foods to more formal sit-down dinners.

With full catering and licensed bar facilities, we can cater for all your requirements at competitive prices. Our range of menus are adaptable to suit your individual needs and special dietary requirements.
